Hello Ms. Kohler,

I ran your message by my attorney and was given permission to agree to the extension, but with the following caveat:

"Yes, but also please note that if they ultimately refer us to the web for the information we have requested, while we will accept the undertaking of going to the web resources, we want an affirmation from EPA that no other responsive documents exist and that all matters requested, including notes, emails, calendar notes, etc. are available online."

Please advise if that is acceptable on your end.

Thank you!
